Resources: [REDACTED] Non-responsive

Thank you all for agreeing to assist with R10's review of the Chuitna preliminary draft SEIS. I would like to get everyone together to discuss the historical background and context of the project, EPA's role, available baseline documents, and discuss expectations and the path forward for our upcoming review of the preliminary draft SEIS. I apologize in advance to those of you that cannot make the meeting, but will look for a time to provide you with an individual briefing. Please let me know if there are any questions and I look forward to seeing as many of you as possible next week. Thanks.
